**7. Can we advise the trust that we currently can provide as many prints as possible (maybe for wards and departments to have their own ties) instead of just 1 generic print (ie, the Trust Name ), and we have the facility and large storage to print ahead and store until delivery, so no lead times, is this of interest?**

We currently have 2 different prints one for the East and one for the West of our county, this allows us to distribute from the large 24/7 hospital sites to the small clinics and it is the 24/7 hospital telephone number on the tag so any queries come back to the issuing site. Do you have a tracking system in place?

**8. Can we advise the trust we can supply references if needed from the many trusts we already supply, is this of interest?**

Not at this stage, but should your product/costs be of interest, we would look to review references.
