CAMHS Portsmouth	-	292	279	361	314

Please note:

- We are only commissioned to provide Tier 3 services, therefore all above data is for Tier 3. Any referrals identified as needing Tier 4 support are passed to another provider to manage.
- We do not process referrals as rejected but do outcome and report signposting to other settings. The functionality for doing so was not active in all of 2018 for CAMHS Portsmouth so we are not able to provide a figure for that year. A small number of referrals received have also been processed as 'Inappropriate referral', 'Incomplete referral' or 'Duplicate referral' where the referral may have come from an additional source like a School. These will be included in the referrals received figures but are neither accepted or sign-posted referrals.
