

FOI_1529_2023-24 – FOI Request concerning Referrals to NMC at Solent NHS Trust

1. Please supply details of all registered nurses referred to the Nursing and Midwifery Council over the last 5 years at Solent NHS.

If possible, please break this down by:

The Trust has made 6 referrals to NMC in this time.

There were a further 5 referrals which were made by people/organisations outside of the Trust which we are supporting the NMC by providing information.

a) practice area

Due to low numbers a breakdown in this area is not possible, as it could potentially identify an individual.

b) context

- Context: outcome of formal investigation into competency and capability
- Context: concerns regarding record keeping.
- Context: The nurse falsified records
- Context: Concerns regarding the individuals conduct and behaviour;
- Context: Concerns regarding validity of information submitted as part of recruitment process;
- Context: concerns raised regarding competency and appropriate clinical care which may have caused harm;

c) reason for referral

- Reason for referral: Referred due to concerns regarding safety of children and ability to meet the requirements of their role
- Reason for referral: A colleague referred the nurse with an allegation of falsifying records
- Reason for referral: the nurse was referred because they falsified records in submitting information for revalidation.
- Reason for Referral: The individual was dismissed on grounds of misconduct as an outcome of HR investigation.
- Reason for Referral: Suspected fraudulent activity.
- Reason for Referral: the individual has been arrested and is currently under investigation pending possible charges.
